

White Varieties

Image	Colour	Variety	Season	Description
	White	Duchess	Mid	Medium sized pale yellow berry with tough skin, flesh tender & sweet. Excellent handling and keeping qualities.
	White	Gordo Blanco (White Muscat)	Late	Large, dull green, egg-shaped. Juicy, distinctive flavor and aroma. Table, wine, raisins. Not suited to hot desert climates. Self-fruitful.
	White	Perlette Seedless	Mid	Pale green berry is crisp and juicy. Larger than Thompson and two weeks earlier. Requires less summer heat than Thompson to ripen. Self-fruitful.
	White	Sultana (Thompson seedless)	Very Late	Early ripening, yellow oval berries. High quality juice for eating, desserts etc. The most popular white eating grape. Must be cane pruned. Needs very warm summers to ripen
	White	Seneca	Early	Early ripening med size green berries, usually one seeded excellent flavour, must be cane pruned. Ripens in cool summers.
	White	Waltham Cross	Mid/Late	Quite large, conical and straggly bunches of grapes. Ellipsoidal, very large, fleshy and golden white grapes.
	White	Brewers American Gold	Mid	Excellent heavy bearing sweet variety some American parentage selected by renowned viticulturist Mark Brewer. Ripens early March.

Red Varieties

Image	Colour	Variety	Season	Description
	Red	Blush Seedless	Early	Blush seedless berries are red, oval and seedless. Berries may be uneven in size. The skin is tender and crisp with meaty flesh. Bunches are large, and well filled/compact, uniformly long, conical and symmetrical. Vines are vigorous.
	Red	Cardinal	Early	Cardinal berries are reddish purple, large, round and seeded. They have soft skin, with firm juicy pulp and a distinctive flavour. Bunches are conical, large and loose (often straggly). Vines are vigorous.
	Blue	Cascade	Early	Cascade is an early variety. It does bud out later than most early varieties. Once established, it is a vigorous vine and very (almost over) productive. Medium clusters and berries.
	Blue	Concord	Mid	Versatile, long-time favorite American grape. Blue-black berry with rich, distinctive flavor, used for table, juice, jelly and wine. 100 hours. Self-fruitful.
	Red	Crimson Seedless	Late	New late season seedless grape, ripens early October in Fresno, Calif. Medium size, firm, very sweet, excellent quality. Cane prune. Self-fruitful.
	Red	Early Merlot	Early	Excellent heavy bearing variety that can be used for table or wine. Ripens early March.
	Black	Muscat Hamburg (Black Hamburg)	Mid	Black berries with full muscat flavor and heavy bloom let fully ripen on vine
	Red	Russian seedless	Mid/Late	Large, purplish-black, sweet, crisp. Does not require as much summer heat as Thompson. Fresh or raisins. Early mid-season. Self-fruitful.
	Red	Vanessa Seedless	Mid/Late	Red berry with soft, immature seeds. Smooth flavor, no aftertaste when fully ripe. A farmer's market favorite. Cold hardy, vigorous, heavy producer. Ripens in cool summers. Late mid-season. Self-fruitful.
